

A workflow application that manages the entire Section 74 or consumer administration process.

The process allows for creditors to manage information emanating from administrators in addition to consolidating payments.

Benefits:

- Single point of workflow management for accounts that enter into this legislative process.
- Manages all electronic communication between the credit provider and administrators, including status updates, payments, settlements and arrangements.
- Stores all documentation involved in the process.
- Links the creditor's attorney panel for oppositions as well as rescissions processes.
- Linked to a powerful search engine (SearchWorks).
- Provides an update to credit bureaus on the nature of the application or termination.

Target Market:

- Credit providers
