

BondTracker enables both conveyancers and their clients to track the progress of a bond from instruction to registration using the latest in communication technology.

The iOS and Android compatible mobile app provides a conveyancer with valuable insight and keeps a client up-to-date with any progress on their bond while on the go.

BondTracker has two interfaces; one for a conveyancer and one for a client.

Conveyancer Benefits Include:

- Push notifications are sent on all major registration events, alerting the conveyancer to the next available action.
- A dashboard provides an overview of all current instructions and alerts the conveyancer of any matters that are ready for lodgement or out of SLA.
- All generated documentation is available directly in BondTracker, enabling the conveyancer to review and share a document with third-parties. This includes the pro-forma and final accounts.
- Signed documents are also available in BondTracker once submitted to StorDoc.
- Conveyancers can direct-message clients to arrange for signatures or simply to provide extra feedback on the progress of the instruction.
- BondTracker has a once-off, per matter cost which is disburseable to the client.
- Any other third-party can use BondTracker at no additional charge. This includes, but is not limited to, estate agents and developers, and any party that may be added as a correspondent in the bond.

Target Market:

- Push notifications on all major bond events. This reduces the need for the conveyancer to send out correspondence.
- The ability to confirm debit order details on the bond to ensure the correct account is being debited.
- All of the bond attorney's contact details are available to the client, including the ability to direct message e4 Bonds attorneys from the mobile app.
- The documents section permanently stores a copy of all signed documents, which can be shared with any personal storage like DropBox or Google Drive.

Want more information? Contact your dedicated RM, and they will gladly assist you, or email us at support@e4legalstudio.co.za.

We look forward to hearing from you.
