

VehicleLeasing is a turnkey solution that provides the tools required to manage financing within the motoring space. The system provides full credit assessment capabilities and interfaces seamlessly with third-party systems such as TransUnion credit bureaus and payment acquirers.

The solution is a workflow-based product that guides sales consultants through processes and ultimately, creates accounts that are managed for the duration of the vehicle lease contract.

Benefits:

- Instant credit approvals provided to dealerships (applicants)
- Governs workflow of the sales process ensuring consultants complete all the administrative steps required
- Manages account lifecycles

Target Market:

- Motoring groups
- Consumers requiring vehicle finance
